## Thematic Panels

You are now welcome to submit your abstract to one of the Thematic Panels presented below.

The Thematic Panels are organized within a certain theme and are hosted by the Convenor(s) who has suggested the theme. Once the Call for Papers is closed Jan 31<sup>st</sup> 2019, the TCC Organizers and the Convenor will select 4 papers to be presented at the conference and 2 papers to be contributed.

Please read through the presentations of the Thematic Panels in order to identify which panel you would like to participate in. There is also the option of submitting your abstract to an open session.

Once you have identified the Thematic Panel which is relevant for your abstract, you submit your abstract to a particular Thematic Panel via the Call for Papers. Click [here](#) to view the Call for Papers.

The TCC Organizers will be responsible for finally distributing the papers to the various Thematic Panels.

Please note that the paper must be submitted to the closed conference site June 1<sup>st</sup> 2019 at the latest.
